"I was surprised by the organization of the routine, well defined and planned"

"I had limited experience in childcare and was nervous, however, Rathfarnham Daycare went above and beyond expectation to not just make sure I was welcome but to prepare me for the environment. The children were represented so well in the room, from photographs of them to samples of their work, and I could see how much of an effort was made to make the setting feel personal to them"

"A special moment I got to be a part of was working with the toddler's and seeing how they view the world"

"The Management has provided me with great support, and I have enjoyed working with multicultural staff. It has been a great experience"

"My co-worker was very inspirational to me and the different materials I had in my room helped me to have more ideas to create activities"

Why Practitioners choose Rathfarnham Day Care as a Career Choice

- ❖ *"I like the methodology and the international environment"*
- ❖ *"The opportunity to work in a very good and well-structured creche, within an international environment with colleagues coming from different countries. I immediately thought it was a great opportunity to learn new skills and gain experience"*
- ❖ *"I love the way that the company provides care and support for both children and staff"*
